Phone Charger

"No one lights a lamp and then puts it under a basket. Instead, a lamp is placed on a stand, where it gives light to everyone in the house."

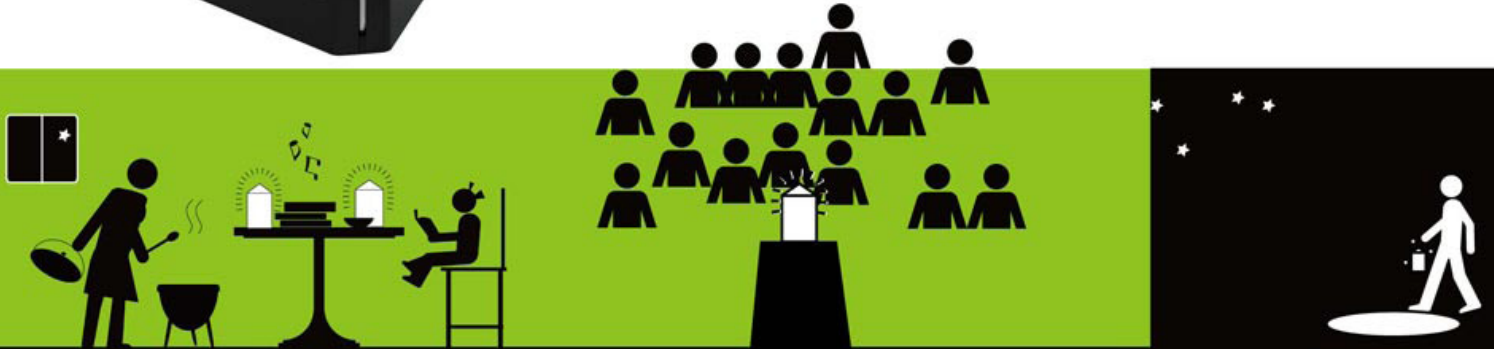

KULUMI Patents: 201230592870.4, 201220653463.4, 201210507346.1

An LED inspired Audio Content Delivering Platform.

Light	200 lumens at full light output (equivalent to a 20W light bulb) Tri-directional Dimmable Light Output, Natural White / 4000K
Audio	MP3, WAV compatible audio player Built-in 2W speaker, 3.5mm Audio input and Headphone output
Content	USB interface and FM radio player 4 GB internal memory
Battery	Li-Ion 5 Wh 2h – 40h battery life (depending on use)
Mobile	Rechargeable via 1.5W Solar panel (8h) / DC 5V (2h) 5V 300mA USB charge interface for charging a mobile phone
Size	115 x 105 x 155h mm 350g

Live it, Give it, Feel it. **HOPE**

ENGINEERING A BRIGHTER TOMORROW

Hope Tech Global ...

aims to help people in the Developing World by leveraging the Chinese Electronics Supply Chain resources.

HTG electronic product development is focused on the following areas: **Education, Food Production, Health, Wireless Communications and Power and Lighting.**

HTG is staffed by a multinational team from 6 countries. Our team is committed to deliver services and products with excellence through continued innovation and persistence. Our mandate is clear and that is to continuously strive to provide **Hope** through **Technology** on a **Global** scale.

Hope Tech Global's goal for 2013 is that **Kulumi** will impact 100,000 families in the Developing World by providing them with adequate **lighting, audio education and training in their own language.**

Please partner with us to help create a brighter tomorrow. For more information please visit our website or send us an email at kulumi@HopeTechGlobal.com.
